ANICO Equity Index Annuity

- Surrender Charge Waivers:** Confinement and Disability Waivers (Restrictions apply, see form 10256 for details)
- Minimum Partial Surrender:** \$250
- Death Benefit:** The Company will pay to the beneficiary the greater of the Annuity Value or the Surrender Value upon receipt of due proof of death. If death occurs during the Initial Term, an Index Credit will be added to the Annuity Value as of the date of death. To determine the amount of this Index Credit, the Index Gain will be calculated by comparing the Index Value on the date of death to the Index Value at the start of the contract year during which the death occurred. Any Index Gain will be used to determine the Specified Rate to be applied for the fractional part of the contract year.
- Riders:** The Return of Premium rider is an optional benefit which guarantees a minimum surrender value of the initial premium paid (less any surrender deductions). Contracts with the rider will have lower specified rates.
- Renewal:** At the end of the Initial Term, the Owner may surrender with no surrender charge or keep the contract and earn a declared interest rate as declared annually in advance by the Company.
